

## ADVERTISEMENTS

**H**OW many homes do you know that have no piano? Not many, for a piano is the tribute we pay to our own and our friends' appreciation of the better things in life.

In the Pease Petite Grand you will find a piano that is the embodiment of all that is good in piano making. It is one of the smallest grand pianos made, yet it has the range of feeling, the depth and volume of tone that you would naturally look for only in a concert grand. It is a piano that is capable of interpreting every mood and emotion of the player. It is a piano whose quality and worth are vouchsafed by the reputation of its makers, a reputation that embraces over 70 years of experience and a record of 88,000 users. Let us show it to you.
